

F.Y.I. Coordinator's Schedule (Spring Quarter)

Heather Matthews, the Adopt-A-Road Coordinator, will have new office hours starting **March 27th, 2006**. During spring quarter, her schedule will be as follows:

Tuesday: 8 a.m. to 12 p.m.

Wednesday: 8 a.m. to 12 p.m.

Thursday: 8 a.m. to 12 p.m.

Friday: 8 a.m. to 5 p.m.

She will not be working on Mondays, so any messages left that day or over the weekend will be returned on Tuesday.

If you need to speak with someone regarding an URGENT issue when the coordinator is not present, contact information will be listed on the coordinator's voice mail @ 206.296.3807.

We appreciate your willingness to accommodate these schedule changes. Please feel free to contact the coordinator with any questions or comments.

DON'T FORGET:

Please keep your Adopt-a-Road Agreement and Hold Harmless forms up-to-date!

Yes, it's that time of year again – time to make sure we at Adopt-a-Road have all your current information, including the current group leader, current addresses, and current phone numbers. If your group leader has changed, this means we need a new Agreement form signed by the new group leader, and an updated Hold Harmless agreement signed by all participants (and the signature of a guardian if the participant is a minor).

We are currently revising our rules and procedures at Adopt-a-Road. **Soon, we will be sending out a new set of Adopt-a-Road forms to every group** and need everyone's cooperation to make the transition smoothly. Thanks in advance for your patience and understanding as we work to make this program the best it can be.

Need help with illegal dumpsites?

If you see a site on your road where large appliances, furniture, or hazardous materials are consistently dumped, call **206-296-7483** to report it for cleanup and surveillance.

Hats off to our GREAT Volunteers!

We at Adopt-a-Road and King County Road Services are continually impressed by the dedication of our volunteers, and can't say enough good things about you. In years past, we showed our appreciation to our volunteers by providing T-shirts for Earth Day. This year, we thought we'd try something different, so included with this newsletter is an order form for 2006 Adopt-a-Road Earth Day hats. These adjustable baseball caps are made of navy blue material, and will have the following design embroidered above the bill:

Supplies are limited, and they are first come, first serve, so be sure to get your order form in quickly.
